

ANAND SHUKLA

LARAVEL DEVELOPER

Delhi, India | +91 98101 81486 | akshukla2938@gmail.com

PROFESSIONAL SUMMARY

Laravel Developer with 4+ years of experience designing and building scalable web applications, RESTful APIs, and CRM platforms across the travel, e-commerce, and SaaS domains. Skilled in third-party API integration, database optimization, and full-stack development using Laravel, React, and Next.js. Proven ability to independently deliver production-ready platforms, from travel booking portals to AI-powered CRM dashboards, while working closely with stakeholders to translate business requirements into reliable technical solutions.

WORK EXPERIENCE

Laravel Developer — Nibble Software Technologies

June 2022 – Present

- Designed and developed scalable Laravel applications and RESTful APIs for clients across travel, e-commerce, and SaaS domains.
- Improved data retrieval efficiency by 40% through query optimization and caching strategies.
- Enhanced application performance by 30% via code refactoring and backend optimization.
- Integrated third-party SOAP and REST APIs, including payment gateways, flight/hotel inventory systems, and notification services (SendGrid, Razorpay, GRN Connect).
- Led the team through a complex technical audit, ensuring full regulatory compliance.
- Presented technical solutions and project progress directly to client stakeholders.

KEY PROJECTS

FlyBird Tourism – Travel Portal <https://www.flybirdtourism.com/>

- Built end-to-end as a solo Laravel project covering CRM, Marketing, Accounts, and Admin modules.
- Implemented multi-user authentication with role-based access for Admin, Agent, User, and Vendor.
- Designed a dashboard-based booking management system for streamlined day-to-day operations.

Flight Meta Search & Travel Booking Platforms <https://www.fareease.com/> <https://www.fareease.in/>

- Developed flight meta search platforms similar to JetCost and Kayak, integrating multiple flight APIs for real-time pricing and availability.
- Built a redirect-based booking flow connecting users to airline and OTA sites for ticket completion.
- Extended the platform for the Indian market (fareease.in) with flight, hotel, holiday package, and sightseeing booking modules, supporting multi-currency display (INR, USD, EUR, GBP, AED).

TravoByte – AI-Powered Travel CRM <https://www.travobyte.com/>

- Contributed to TravoByte's Travel CRM platform, supporting B2B / B2C / B2B2C portals with flight, hotel, and bus API integrations and admin-agent dashboards.
- Built an animated dashboard widget showcasing AI-driven quote generation, lead pipeline tracking, and flight route visualization for the product page.

E-commerce Projects <https://www.birthdaymasti.com/> <https://www.club147.in/> <https://www.karzanddolls.com/>

- Developed and maintained e-commerce storefronts, including Karz and Dolls — an online store for diecast model cars, action figures, and collectibles — with catalog browsing, wishlist, and secure checkout.

Other <https://www.nibbleandpixel.com/>

- Contributed to Nibble & Pixel, a product photography studio website built with a modern, design-focused frontend.

TECHNICAL SKILLS

- Backend:** Laravel, PHP, CodeIgniter, Livewire
- Frontend:** HTML, CSS, JavaScript, jQuery, Bootstrap, React, Next.js
- Database:** MySQL
- APIs & Integrations:** Payment Gateways, SendGrid, Razorpay, GRN Connect, Currency Exchange, Geo-location
- Cloud:** AWS Administrator

EDUCATION & CERTIFICATION

- Bachelor of Computer Applications (BCA) — Chandigarh University (Pursuing)
- Master Diploma in Computer Engineering (MDCE+) — IICS
- CBSE — Class 12 (2019), Class 10 (2017)
